providing an overview of the hong kong legal system and constitution this monograph is the first concise and comprehensive guide to such topics as the process of legislative law making in hong kong imported law literary sources court structure the interpretation of statutes and legal personnel and institutions

the material presented in this invaluable textbook has been tested in two courses one of these is a graduate level survey of statistical physics the other a rather personal perspective on critical behavior thus this book defines a progression starting at the book learning part of graduate education and ending in the midst of topics at the research level to supplement the research level side the book includes some research papers several of these are classics in the field including a suite of six works on self organized criticality and complexity a pair on diffusion limited aggregation some papers on correlations near critical points a few of the basic sources on the development of the real space renormalization group and several papers on magnetic behavior in a plain geometry in addition the author has included a few of his own papers

the history of the faculty of law at hku is in many ways the history of the law in modern hong kong founded in 1969 the faculty has helped transform a colonial legal backwater into a flourishing jurisdiction in which hong kong maintains its common law system as a special administrative region of the people s republic of china the faculty has played a vital part in fostering a legal profession firmly rooted in hong kong functioning in both chinese and english its early teachers pioneered scholarship on hong kong law its graduates now make up over half of hong kong s judiciary and legal profession over the years the faculty has earned worldwide recognition as a centre of research in subjects ranging from human rights to financial regulation published to mark the golden jubilee this book traces the faculty s rise from humble origins to its position as one of the world s leading law schools drawing on archives publications and interviews the book explores the growth of the faculty against the momentous events of the past 50 years the first two chapters examine the faculty s prehistory when for over a hundred years most of hong kong s lawyers were trained in england the remaining six chapters explore alternately the faculty s internal history and its role in building hong kong s modern legal system dr munn traces the faculty of law s fascinating journey over half a century from a modest beginning it has developed into one of the finest law schools in the world the story is told in the context of the historic events and momentous changes of this era this illuminating and outstanding work deserves to be widely read the hon andrew li first chief justice of the hksar 1997 2010 christopher munn s history of the faculty of law is more than the history of a remarkable educational institution it is a history of how the law and legal culture in

hong kong developed from modest mid nineteenth century colonial beginnings to its present pre eminent position clearly composed in lively prose this book is essential reading for anyone who seeks to understand modern hong kong and its place in the world today the rt hon beverley mclachlin chief justice of canada 2000 2017

as hong kong enters its third year under chinese rule the prognosis for the common law remains uncertain can the improbable doctrine of one country two systems be made to work will the political controversies that continue to bedevil the territory undermine the rule of law and the integrity of the legal order the 21 essays in this important new collection consider these and many other questions the first part examines several problems that lie at the heart of the basic law s promise of legal continuity hong kong s economic order and its legal buttresses are analysed in part 2 while the essays in part 3 trace the shifts in social values as reflected both in chinese and hong kong law though they embrace a wide area the contributions to this volume suggest that while many problems lie ahead hong kong s law and legal system seem adequately entrenched to endure well into the future raymond wacks is professor of law and legal theory at the university of hong kong he is an international authority on the legal protection of privacy and has also published widely in the field of legal theory professor wacks has edited several books on hong kong law and human rights his recent books include privacy and press freedom 1995 the fifth edition of his text jurisprudence will appear in early 2000 b y far the most comprehensive study of the post 1997 legal order i have come across covering nearly all the subjects which the basic law touches upon i t contains much insightful analysis of the historical development and future issues surrounding each topic a very valuable contribution to scholarship far more importantly there is no collection that comes close to such an array of good analysis on so many topics anthony neoh sc visiting professor peking university

as one of the learned professions requiring advanced learning and high principles law enjoys a special standing in society in return for its status and rank the legal profession is expected to exhibit the highest levels of honesty trust and morality the very values which underpin the legal system itself this in turn entrusts to legal education a particular problem of addressing not only the substantive elements of the body of law but a means through which the characteristics of the calling of law are

imparted and instilled at a time when the very essence of the legal profession is under threat this book calls for a realignment of the legal curriculum and pedagogies so as to emphasise the development of culture over industry character over eloquence and calling over skill chapters are grouped around the core content and key themes of curiosity calling character and conscientiousness contract and culture the volume includes contributions from leading experts drawn internationally and from other professional disciplines in order to present alternative approaches aimed at tackling common issues providing insight and provoking debate
